Dear Mr. Gruwell:

The NACEP Accreditation Commission approved the review team's recommendation to accredit **Iowa Lakes Community College's Concurrent Enrollment Program**. The team of experienced representatives of NACEP-accredited concurrent enrollment partnerships who reviewed your application had the following to say about your program:

The team found the following Concurrent Enrollment Program practices exemplary:

- The review team wanted to commend you on providing the outline of disciplines and courses in a manner that was very easy to follow. (C1) The Instructor Handbook also provided a detailed description of what each letter grade means. (E1) Finally, the response rates of 54% (faculty), 100% (principals), and 100% (guidance counselors) were commendable. (E4)

The team identified the following areas of concern, both of which have been addressed by ILCC's Concurrent Enrollment Program:

- ILCC's Concurrent Enrollment Program did not use the most current versions of the One Year Out NACEP and Four Year Out NACEP surveys, respectively. (E2 and E3) The Program provided a statement of commitment to—and the accreditation review team trusts that the Program will—utilize the current surveys in the future following the approved modifications outlined in the NACEP Survey Guide.

Your program is to be congratulated on its quality, and these recommendations are made with the best of intentions. Your commitment to the implementation of

concurrent enrollment best practices is to be commended, and I wish you the best as your program moves forward.

Sincerely,
